Full Stack Developer with 2+ years of experience designing and building scalable ERP, POS, and booking systems. Strong expertise in Angular, React.js, TypeScript, Python (Django), PostgreSQL, and AWS. Experienced in REST API development, payment gateway integration, RBAC implementation, and database performance optimization. Proven ability to deliver secure, high-performance enterprise applications supporting retail and manufacturing operations.

TECHNICAL SKILLS

- Frontend: Angular, TypeScript, React.js, JavaScript, HTML5, CSS3, Bootstrap (Responsive UI Development)
 - Backend: Python, Django, Celery, RESTful API Development
 - Database & Caching: PostgreSQL, SQL, Redis, MySQL
 - Cloud & Deployment: AWS (EC2), Production Deployment, Environment Configuration
 - Version Control & Collaboration: Git, GitHub, GitLab
 - Design & UI Tools: Figma
 - Tools & Documentation: MS Office (Word, Excel, PowerPoint), Google Docs
-

PROFESSIONAL EXPERIENCE

Software Developer

Travidux Technologies Pvt. Ltd. | Nov 2023 - Present

- Develop and maintain ERP and POS systems used by 50+ business users, automating procurement, inventory, and sales workflows and reducing manual processing time by 30%.
- Design and integrate 25+ RESTful APIs for ERP modules and payment gateway systems, handling 1,000+ secure monthly transactions.
- Architect and develop a scalable booking portal and administrative back-office system managing reservations, payments, staff operations, and customer records.
- Optimize database queries and implement Redis caching, improving application response time by 40%.
- Deploy applications on AWS EC2, manage production environments, and perform post-deployment validation.
- Implement role-based access control (RBAC) and data integrity mechanisms to ensure secure system access.
- Provide production support, debugging, testing, and technical documentation for client onboarding.

Front-End Developer - Intern

NTH INDEX SOFTWARE SOLUTIONS LLP | January 2023 - August 2023

- Developed responsive and user-friendly web interfaces using React.js.
- Translated Figma designs into fully functional, pixel-perfect UI components.
- Enhanced user experience through dynamic and interactive frontend features.
- Debugged and resolved UI issues to improve performance and stability.

Software Developer - Intern

RIGHT SOFT OPTIONS | January 2022 - August 2022

- Built scalable web applications using Django and Flask frameworks.
- Developed reusable Django modules, reducing code duplication by 25%.
- Integrated frontend components with backend logic and REST APIs.
- Applied OOP principles and optimized backend performance.

EDUCATION

B.Sc. in Computer Science

University of Calicut

College Of Applied Science Chelakkara

2018 - 2021
